

Delta Dental PPOSM plus Premier Plan 1

Delta Dental PPO plus Premier is a hybrid of the PPO and Delta Dental Premier[®] networks. PPO dentists accept reduced fees for covered procedures when treating PPO patients. Premier is Delta Dental's top-of-the-line fee-for-service program. Enrollees can choose a dentist from the larger Delta Dental Premier network or they can visit a dentist from the smaller PPO network and save more money. This cost-saving, two-tier network is rarely available in the industry. It provides access to the most dentists while offering significant value for enrollees. Network dentists are paid their respective allowances.

HOW ENROLLEES CAN SAVE MONEY

They likely will save:

- Most if they go to Delta Dental PPO dentists.
- Moderately if they go to Delta Dental Premier dentists.
- Least if they go to non-participating dentists.

HOW DENTISTS ARE PAID

Delta Dental's payments are based on the applicable Delta Dental Maximum Plan Allowance or the dentist's actual fee, whichever is less. This is the Allowed Amount. The PPO Allowed Amount is accepted by PPO dentists as payment in full. Delta Dental Premier dentists accept the higher Premier Allowed Amount as payment in full.

- For services provided by PPO dentists, an enrollee is responsible for paying that portion of the PPO Allowed Amount not paid by Delta Dental.
- For services provided by Delta Dental Premier dentists, an enrollee is responsible for paying that portion of the Premier Allowed Amount not paid by Delta Dental.
- For services provided by non-participating dentists, an enrollee is responsible for paying the difference between the amount paid by Delta Dental (based on the Premier Allowed Amount) and the dentist's total charge.

Participating dentists are paid directly by Delta Dental and cannot bill enrollees more than the applicable coinsurance, deductible or charges where maximums have been exceeded for covered services. Delta Dental sends its benefit payment directly to participating dentists. Enrollees are responsible for paying non-participating dentists' total fee and submitting claims to Delta Dental for reimbursement of covered services. Delta Dental then sends its benefit payment directly to the enrollee.

ELIGIBILITY

Employees, spouses and dependent children to age 26, regardless of full-time student or marital status.

PREDETERMINATION (PRE-TREATMENT ESTIMATE)

Predetermination of benefits is a free service for enrollees that provides a pretreatment estimate of costs. Predetermination is recommended if treatment is expected to exceed \$300. Predetermination indicates whether planned services are covered, how much of the treatment costs will be paid by Delta Dental and how much is the enrollee's responsibility. Predetermination is useful in planning a course of treatment.
