### Important Notes

Deductible is determined as of the date(s) claims are processed by Independent Health, not the date services were rendered.

Embedded - On a single policy, the single deductible/out-of-pocket maximum must be met before Independent Health provides reimbursement for covered services. On a family policy, once a family member meets the single deductible/out-of-pocket maximum, the deductible/out-of-pocket maximum is satisfied for that member.

Non-Embedded (True Family) - On a single policy, the single deductible/out-of-pocket maximum must be met before Independent Health provides reimbursement for covered services. On a family policy, the entire family deductible/out-of-pocket maximum must be met before Independent Health provides reimbursement for covered services. An individual on a family policy will NOT stop at the single deductible/out-of-pocket maximum.

In-area Non-Participating Providers: Services provided by a non-participating provider in the 8 counties of WNY are Not covered.

Out-of-Network (if applicable): Member is responsible for the difference between Independent Health's allowed amount and the non-participating provider's billed amount.

Member Pre-Authorization: Certain services and benefits are subject to member pre-authorization. Member is responsible for contacting Independent Health for pre-authorization.

Child (if applicable): Cost-share applies if member is under the age of 19
