Healthy NY is a deductible plan that covers essential health needs, including inpatient and outpatient hospital services, physician services, maternity care, preventive health services, diagnostic services and emergency services.

HOW DOES MY COMPANY BENEFIT?

When you offer comprehensive health insurance coverage to your employees, you'll find it easier to hire and retain the best people for your company. You'll also notice higher satisfaction and loyalty that lead to a happier, healthier workplace. Additionally, significant tax advantages may be available to your business by offering health insurance coverage. Health insurance premiums that businesses pay on their employees' behalf are generally 100% tax deductible. Providing health insurance coverage may also result in reduced payroll taxes.
